INDEPENDENT AUDITOR'S REPORT

Board of Directors
Municipal Services Authority
Carmel Valley, California

Report on the Financial Statements

We have audited the accompanying Statement of Net Position of Municipal Services Authority (the Authority), as of and for the year ended June 30, 2014, and the eighteen months ended June 30, 2013 and the related statement of revenues, expenses and changes in net position and cash flows for the periods then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the State Controller's *Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Municipal Services Authority as of June 30, 2014 and 2013, and the respective changes in financial position and its cash flows for the year and eighteen month period then ended, respectively, in accordance with accounting principles generally accepted in the United States of America, as well as systems prescribed by the State Controller's Office and regulations governing special districts.

Emphasis of Matter

As discussed in Note 3 to the financial statements, with assistance from management, we have made adjustments to the outstanding claims liability and the Authority has not consulted a certified actuary. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

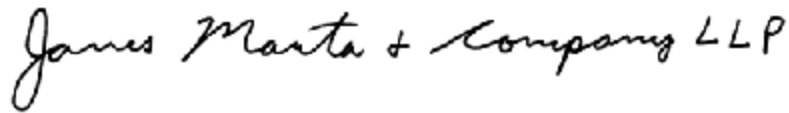

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Claims Reconciliation by Type of Contract and Claims Development Information by Type of Contract be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB) who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Restatement

As further discussed in note 5 to the financial statements, the June 30, 2013 financial statements have been restated to reflect the transfer and assumption of claims liabilities associated with the members' participation in another risk sharing pool prior to joining the Authority.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 13, 2015 on our consideration of Municipal Services Authority's internal control over financial reporting and our tests of its compliance with provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Municipal Services Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MUNICIPAL SERVICES AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

Municipal Services Authority (MSA) is a Joint Powers Authority (JPA) established to provide its members a joint program and system for workers' compensation, liability and crime insurance. MSA may also provide other joint purchasing and/or systems, such as health and other benefit programs. The membership in MSA on June 30, 2014 consisted of two Joint Powers Authorities: Regional Government Services Authority and Local Government Services Authority.

MSA was formed on January 12, 2012 and became operational July 1, 2012. The Authority retained Keenan & Associates as its insurance broker. Workers' Compensation coverage for the fiscal year was self-insured at \$1,000,000 with a maximum cash payout of \$100,000 per claim per year. Liability coverage SIR is at \$50,000 per occurrence.

This section of the annual financial report presents our discussion and analysis of MSA's financial performance during the period from July 1, 2013 to June 30, 2014. Please read it in conjunction with MSA's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- Due to the high-deductible workers' compensation coverage available at the start of the fiscal year and prior period liability claims in process, the member agencies contributed an additional \$500,000 towards MSA claims reserve during the fiscal year.
- Claims and claim adjustment expenses attributable to insured events in prior years was \$888,139. In addition a provision for insured events in the current year (IBNR) was made in the amount of \$160,079.
- Revenues were in line with budget assumptions, while Worker's Compensation and General Liability premium expense came in 25% below budget.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of three parts – *management's discussion and analysis* (this section), the *financial statements*, and *required supplementary information*.

The financial statements are prepared in conformity with generally accepted accounting principles and necessarily include amounts based upon reliable estimates and judgments. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows are included along with Notes to the Financial Statements to clarify unique accounting policies and financial information.

MUNICIPAL SERVICES AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

The Statement of Net Position includes all of the Pool's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Position.

MSA reports its activities as an enterprise fund. An enterprise fund is a proprietary fund, and as such uses full accrual accounting for its activities. The changes in net position presented on the Statement of Revenues, Expenses and Changes in Net Position are on an accrual basis and do not necessarily coincide with the Statement of Cash Flows which presents information about the cash receipts and cash payments during the year.

	2013	2014	Change	Percent Change
Current Assets				
Cash and Investments	\$ 416,565	\$546,800	\$130,235	31%
Accounts receivable	<u>600,000</u>	<u>1,072,794</u>	<u>472,794</u>	<u>79%</u>
Total Assets	<u>1,016,565</u>	<u>1,619,594</u>	<u>603,029</u>	<u>59%</u>
Non-Current Liabilities				
Unpaid claims & claim adjustments	<u>667,177</u>	<u>1,245,260</u>	<u>578,083</u>	<u>87%</u>
Net Position				
Unrestricted	<u>\$349,388</u>	<u>\$374,334</u>	<u>\$24,946</u>	<u>7%</u>

Assets

Total assets of MSA were budgeted to increase incrementally each year, starting with the first fiscal year of operation. As previously noted, a high workers' compensation coverage deductible and prior period MSA member claims in process caused the Board to ask for additional member contributions to prepare for contingencies.

No claims were paid during the fiscal year ended June 30, 2014.

Liabilities

A provision was made for insured events of the current year of \$160,079. In addition, a restatement of fiscal year June 30, 2013 added a \$888,319 claims reserve to reflect claims incurred by the member JPAs prior to the formation of MSA.

MUNICIPAL SERVICES AUTHORITY
MANAGEMENT’S DISCUSSION AND ANALYSIS

JUNE 30, 2014

MSA has no long-term debt.

Net Position

MSA’s unrestricted net position decreased due to a large retrospective adjustment by CJPIA. Because of high workers’ compensation self-retention (\$1 million with \$100,000 cash flow protection) members made additional contributions to boost reserves. For FY2014, an additional SIR buy-down was purchased that lowers the deductible to \$50,000. Thus, staff believes we have substantially increased confidence that MSA assets will be adequate to pay actual claims costs. State regulations require a confidence level of 70%, so MSA’s Board will review its risk probability and consider adopting a higher confidence target level for FY2016 and beyond. The Board will be asked to provide additional funding mid-year FY2015 in order to reach a confidence level of 70% or greater.

	<u>2013</u>	<u>2014</u>	<u>Change</u>	<u>Percent Change</u>
Operating Revenues:				
Member contributions	\$ 764,865	\$ 834,993	\$ 70,128	9%
Operating Expenses:				
Provision for claims expense	198,676	578,083	379,407	191%
Insurance	112,301	125,705	13,404	12%
Administration	104,500	106,259	1,759	2%
Total Operating Expenses	<u>415,477</u>	<u>810,047</u>	<u>394,570</u>	<u>95%</u>
Operating Income (Loss)	349,388	24,946	(324,442)	-93%
Beginning Net Position	<u>-</u>	<u>349,388</u>	<u>349,388</u>	
Ending Net Position	<u>\$ 349,388</u>	<u>\$ 374,334</u>	<u>\$24,946</u>	<u>7%</u>

Revenues

MSA’s operating revenues reflect the budget of \$335,000 and mid-year additional member contributions of \$500,000. MSA’s only source for revenues is member contributions.

Expenses

MSA’s operating expenses (claims, reinsurance and administrative expenses) totaled \$810,047 including a \$578,083 provision for unrealized claims.

MUNICIPAL SERVICES AUTHORITY

MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2014

Description of Facts or Conditions Expected to have a Significant Effect on Financial Position or Results of Operations

Prior period claims resulting from member activity while under the California Joint Powers Insurance Authority are expected to filter through the CJPIA claims administration, processing and allocation procedures over the next five years. It is intended that and funding has been provided for MSA to pay for these expenses. At present there are no other known facts or conditions that are expected to have a significant effect on the financial position or results of operations.

MUNICIPAL SERVICES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Municipal Services Authority (Authority) is a Joint Powers Authority established in January 2012 to provide a joint program and system for workers' compensation, liability and crime insurance programs for each member of the Authority.

The member agencies of Municipal Services Authority are Local Government Services Authority and Regional Government Services Authority. For financial reporting purposes, the Authority is considered a stand-alone government that separately issued financial statements. Accordingly, the Authority is jointly governed by its member participants as a separate and specific activity in which member participants retain an ongoing financial responsibility.

Municipal Services Authority has elected to enter into a cooperation agreement with Local and Regional Government Services Authorities to share administrative services, thereby taking advantage of pooled staff resources and saving support costs.

Admission

Any public agency may become a member of the Authority upon two-thirds vote of the members present at a Board of Directors' meeting and by paying an appropriate entry fee or charge, as established by the Board of Directors.

Withdrawal

Agencies may withdraw upon advance written notice subject to the joint powers agreement and bylaws of the Authority. The effect of withdrawal (or termination) does not terminate the responsibility of the agency to continue paying its share of assessments or other financial obligations incurred by reason of its previous participation.

B. DESCRIPTION OF PROGRAMS

Workers' Compensation

The Workers' Compensation Program was established to account for the provision of this coverage to participating members. The program year runs from July 1 to June 30. Funding is based on member contributions established by the Board. The Authority has contracted with a third party administrator to administer claims on behalf of participating members.

Self-insured coverage at June 30, 2014:

JPA's SIR: \$1,000,000 (Maximum cash payout is \$100,000 per claim per year)
Excess Insurance: \$10,000,000 per occurrence

The maximum cash payout decreased from \$200,000 from the year ended, June 30, 2013.

MUNICIPAL SERVICES AUTHORITY
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

B. DESCRIPTION OF PROGRAMS (CONTINUED)

Liability

The Liability Program was established for the purposes of creating a pool to share the costs of liability claims, administrative costs, and excess insurance for Members. The program year runs from July 1 – June 30. Funding for the program is based on member contributions established by the Board. The Authority has contracted with a third party administrator to administer claims on behalf of participating members.

Self -insured coverage at June 30, 2014:

JPA's SIR: \$50,000 per occurrence
Excess Insurance: \$10,000,000 per occurrence

The excess insurance coverage has decreased from \$11,000,000 from the year ended June 30, 2013.

C. BASIS OF ACCOUNTING

The Authority is accounted for as an enterprise fund and its financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows.

Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are member contributions. Operating expenses of the Authority include the cost of claims, insurance and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenue and expense.

D. CASH AND CASH EQUIVALENTS

Municipal Services Authority considers all highly liquid investments with a maturity of three months or less when purchased to be cash and cash equivalents.

E. ACCOUNTS RECEIVABLE

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible. At June 30, 2014 and 2013, the total accounts receivable balance was considered collectible.

F. INCOME TAXES

The Authority is a governmental entity and as such its income is exempt from taxation under Section 115(1) of the Internal Revenue Code and Section 23701d of the California and Taxation Code. Accordingly, no provision for federal or state income taxes has been made in the accompanying financial statements.

MUNICIPAL SERVICES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

G. UNPAID CLAIMS LIABILITIES (CLAIMS RESERVES AND CLAIMS INCURRED BUT NOT REPORTED)

Each program establishes claims liabilities based on estimates of the ultimate cost of claims (including future allocated claim adjustment expense) that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Estimated amounts of salvage and subrogation and reinsurance recoverable on unpaid claims are deducted from the liability for unpaid claims. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverages such as general liability.

Claims liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claims frequency, and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

H. UNALLOCATED LOSS ADJUSTMENT EXPENSE

The liability for unallocated loss adjustment expense includes all costs expected to be incurred in connection with the settlement of unpaid claims that cannot be related to a specific claim. Management has estimated the accrual based on past experience and the amount is included in general and administrative expense.

I. EXCESS INSURANCE

The Authority purchases specific occurrence excess insurance from commercial carriers for the workers compensation and pooled liability programs. The coverage for losses above the corresponding policy year's specified self-insured retention (SIR) is limited to that policy year's excess coverage limit.

J. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

MUNICIPAL SERVICES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

2. CASH AND INVESTMENTS

Cash and investments as of June 30, 2014 and 2013 consisted of cash in the bank of \$4,000 and investment in CalTRUST Investment Pool of \$542,800 and \$412,565, respectively. The amount in the investment pool is held by Regional Government Services Authority as a fiduciary on behalf of the Authority (See Note 4 – Related Party Transactions).

The carrying amount of the Authority's cash is covered by federal depository insurance up to \$250,000. Should deposits exceed the insured limits, the balance is covered by collateral held by the bank in accordance with California law requiring the depository bank to hold collateral equal to 110% of the excess government funds on deposit. This collateral must be in the form of government-backed securities.

CalTRUST Investment Pool

The Authority is a voluntary participant in the Investment Trust of California (CalTRUST); a public joint powers authority formed to pool and invest the funds of public agencies. CalTRUST invests in fixed- income securities eligible for investment pursuant to California Government Code Sections 53601 and 53635. Investment guidelines adopted by the board of Trustees may further restrict the types of investments that are held by the Trust. Leveraging within the Trust's portfolios is prohibited. The fair value of the Authority's investment in this pool is reported in the accompanying financial statements at amounts based upon the Authority's pro-rata share of the fair value provided by CalTRUST for the entire CalTRUST portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by CalTRUST, which are recorded on an amortized cost basis.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The monies held in the CalTRUST investment pool is not subject to categorization by risk category. It is also not rated as to credit risk by a nationally recognized statistical rating organization.

Concentration of Credit Risk

The investment policy of Municipal Services Authority contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total Authority investments for the year ended June 30, 2014 and 2013.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

MUNICIPAL SERVICES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

3. UNPAID CLAIMS LIABILITIES

The following represents changes in claims liabilities for the Authority during the period ended June 30, 2014 and 2013:

	2014	2013
Unpaid claims and claim adjustment expenses at beginning of year	\$ 667,177	\$ 470,135
Incurred claims and claim adjustment expenses:		
Provision for insured events of the current year	160,079	198,676
Increase/(decrease) in provision of insured events of prior years	418,004	-
Total incurred claims and claim adjustment expenses	578,083	198,676
Payments:		
Claim and claim adjustment expenses attributable to insured events of the current year	-	1,634
Claim and claim adjustment expenses attributable to insured events of the prior years	-	-
Total Payments	-	1,634
Total unpaid claims and claims adjustment expenses	\$ 1,245,260	\$ 667,177
Claims reserves	\$ -	\$ -
Claims incurred but not reported (IBNR)	1,245,260	667,177
Unallocated loss adjustment expenses (ULAE)	-	-
	1,245,260	667,177
Current portion	-	-
Non-current portion	\$ 1,245,260	\$ 667,177

MUNICIPAL SERVICES AUTHORITY

NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

3. UNPAID CLAIMS LIABILITIES (CONTINUED)

Emphasis of a Matter

An actuarial valuation was not completed, which would have provided an estimate of the outstanding claim liabilities for the year ended June 30, 2014 and 2013. Management has elected to use industry exposure ratings in estimating the ultimate losses and outstanding liabilities reported in the financial statements. For the year ended June 30, 2014 and 2013, the estimated losses for the worker's compensation program were determined using a funding model formula of \$2.00 per \$100 of cumulative payroll since inception of the pool. This rate is based on how similar risk-sharing pools with similar exposure have funded their workers' compensation programs over the past few years. The general liability program losses were estimated at the self-insured retention level of \$50,000. As outlined in Note 1 to the basic financial statements, the exposure to the Authority for workers' compensation and general liability claims is \$100,000 and \$50,000 per claim, respectively. Although no workers' compensation claims have been identified and only one general liability claim for \$1,634 was paid in the 2013 year, there is the potential that claims can be filed in the future that may be applicable to the fiscal year ended June 30, 2014 and 2013. Actual claims costs could be materially different than the amounts presented in these financial statements.

4. RELATED PARTY TRANSACTIONS

Regional Government Services Authority (RGSA) is a member of Municipal Services Authority and also provides administration for the Authority. RGSA charges administrative overhead to the Authority each month. The amount charged for the period ended June 30, 2014 was \$30,000 and the eighteen month period ended June 30, 2013 was \$45,000. RGSA also holds cash and investments on behalf of the Authority. At June 30, 2014 and 2013, the amount held on behalf of the Authority was \$542,800 and \$412,565, respectively.

5. RESTATEMENT

The financial statements for the year ended June 30, 2013 have been restated to reflect the assumption of the claims liabilities related to both member's participation in California Joint Powers Insurance Authority, a risk sharing pool. At June 30, 2013 the amounts assumed by Municipal Services Authority for the workers' compensation and liability programs were \$179,181 and \$290,954, respectively.

6. SUBSEQUENT EVENTS

Municipal Services Authority's management evaluated its June 30, 2014 financial statements for subsequent events through April 13, 2015, the date the financial statements were available to be issued. As of July 1, 2014, Municipal Services Authority became a member of Municipal Insurance Cooperative (MIC), a newly formed Joint Powers Authority. On January 1, 2015, the Authority began using the Dental program, which was started in August 2014. Other than the items identified above, management is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

MUNICIPAL SERVICES AUTHORITY

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FOR THE FISCAL YEAR ENDED JUNE 30, 2014 AND 2013

1. RECONCILIATION OF CLAIMS LIABILITIES BY TYPE OF CONTRACT

The schedule represents the changes in claims liabilities for the past year for the Authority's workers' compensation and liability program.

2. CLAIMS DEVELOPMENT INFORMATION

The tables illustrate the Authority's earned revenues (net of reinsurance) and investment income compared to related costs of loss (net of loss assumed by reinsurers) and other expenses assumed by the Authority as of the end of the year.

The rows of the table are defined as follows:

1. This line shows the total of each fiscal year's gross earned contribution revenue and investment revenue, contribution revenue ceded to reinsurers and net earned contribution revenue and reported investment revenue.
2. This line shows each fiscal year's other operating costs of the Authority including overhead and claims expense not allocable to individual claims.
3. This line shows the Authority's gross incurred claims and allocated claim adjustment expense (both paid and accrued), claims assumed by reinsurers and net incurred claims and allocated adjustment expenses as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year). The original estimate of ceded claims was not available.
4. This section shows the cumulative net amounts paid as of the end of successive years for each policy year.
5. This line shows the latest re-estimated amount of claims assumed by reinsurers as of the end of the current year for each accident year.
6. This section shows how each policy year's net incurred claims increased or decreased as of the end of successive years. This annual re-estimation results from new information received on known claim, reevaluation of existing information on known claims and emergence of new claims not previously known.
7. This line compares the latest re-estimated net incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of net claims cost is greater or less than originally estimated. As data for individual policy years mature, the correlation between original estimates and re-estimated amounts is commonly used to evaluate the accuracy of net incurred claims currently recognized in less mature policy years.

Claims assumed by the Authority for its members' participation in CJPIA are not reflected in the claims development information.

INDEPENDENT AUDITOR'S REPORT

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Municipal Services Authority
Carmel Valley, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Municipal Services Authority (the "Authority"), as of and for the year ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated April 13, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

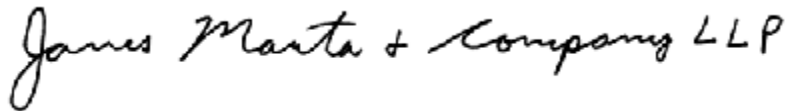

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Municipal Services Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Authority in a separate letter dated April 13, 2015.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
