INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the
Municipal Services Authority
Carmel Valley, California

We have audited the accompanying financial statements of the Municipal Services Authority (Authority), as of and for the year ended June 30, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Authority, as of June 30, 2019 and 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 7, the Authority has been dissolved during fiscal year 2019. Certain assets and liabilities of the Authority has been transferred to Regional Government Services Authority and Local Government Services Authority and is reported as a special item in the statement of Revenues, Expenses and Changes in Net Position. Our opinion is not modified with respect to this matter.

Other Matters

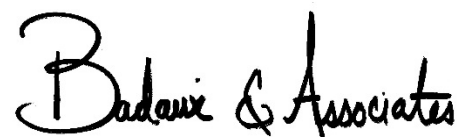

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, claims reconciliation by type of contract, and claims development information by type of contract on pages 3-6 and 22-25 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The introductory section is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Berkeley, California

MANAGEMENT’S DISCUSSION AND ANALYSIS

Municipal Services Authority (MSA) is a Joint Powers Authority (JPA) established to provide its members a joint program and system for workers’ compensation, liability and crime insurance. MSA also provides joint purchasing power for major medical and dental benefit plans. The membership in MSA on June 30, 2018 consisted of two Joint Powers Authorities: Regional Government Services Authority and Local Government Services Authority.

MSA was formed in January 2012 and became operational July 1, 2012. The Authority retained Keenan & Associates as its insurance broker. MSA joined an insurance purchasing pool (Municipal Insurance Cooperative) of other public agencies in July 2014, and obtains Workers compensation, General Liability, Crime and Cyber coverage through the pool. For fiscal year 2019 (FY19) workers’ compensation coverage was provided by Arch Insurance Group. This coverage insures from MSA’s retention of \$100,000 up to \$1,000,000. The Arch excess workers’ compensation policy attaches at \$1,000,000 and insures up to the MIC limits of \$100,000,000. Liability coverage SIR is at \$50,000 per occurrence.

This section of the annual financial report presents our discussion and analysis of MSA’s financial performance during the period from July 1, 2017 to June 30, 2019. Please read it in conjunction with MSA’s financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The financial statements reflect only 6 months of operations because MSA was dissolved on December 28th, 2018.
- A Joint Powers Authority is required to have at least two member agencies. When JPA member Local Government Services Authority dissolved, it necessitated the dissolution of MSA.
- Operating revenue and expenses for the six months of operations reflect historically consistent member contributions and expenses.
- The special item in the financial statements reflects the entries necessary to dissolve the JPA and disburse its net assets and liabilities to the two member agencies.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of three parts – *management’s discussion and analysis* (this section), the *financial statements*, and *required supplementary information*.

The financial statements are prepared in conformity with generally accepted accounting principles and necessarily include amounts based upon reliable estimates and judgments. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows are included along with Notes to the Financial Statements to clarify unique accounting policies and financial information.

The Statement of Net Position includes all of the Authority’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Net Position.

MSA reports its activities as an enterprise fund. An enterprise fund is a proprietary fund, and as such uses full accrual accounting for its activities. The changes in net position presented on the Statement of Revenues, Expenses and Changes in Net Position are on an accrual basis and do not necessarily coincide with the Statement of Cash Flows which presents information about the cash receipts and cash payments during the year.

	2017	2018 (Restated)	2019	Change	Percent Change
<hr/>					
Current Assets					
Cash and Investments	926,503	1,085,626	-	(1,085,626)	-100%

	<hr/> <hr/>				

Assets

As of the end of the fiscal year the JPA had no assets.

Liabilities

After the close of the fiscal year, the JPA was notified by California Joint Powers Insurance Authority of a reporting error on its part of the retrospective adjustments for prior years. This error necessitates the restatement of the 2018 statement of net position.

As of the end of the fiscal year the JPA had no liabilities.

Net Position

As of the end of the fiscal year the JPA had no net position.

	2017	2018 (Restated)	2019	Change	Percent Change
Operating Revenues:					
Member contributions	457,000	396,000	135,966	(260,034)	-66%
Operating Expenses:					
Provision for claims expense	92,666	64,936	22,478	(42,458)	-65%
Retrospective contributions	144,393	(17,038)	-	17,038	-100%
Insurance	134,398	126,708	52,519	(74,189)	-59%
Administration	128,437	127,500	65,065	(62,435)	-49%
Total Operating Expenses	499,894	302,106	140,062	(162,044)	-54%
Operating Income (Loss)	(42,894)	93,894	(4,096)	(97,990)	-104%
Special Item - Dissolution	-	-	(733,225)	(733,225)	-100%
Beginning Net Position	2,134,982	643,427	737,321	93,894	15%
Restatement	(1,448,661)	-	-	-	0%
Ending Net Position	643,427	737,321	-	(737,321)	-100%

Revenues

MSA's operating revenues of \$135,966 are from member contributions, MSA's only revenue source.

Expenses

MSA's operating expenses (claims, reinsurance and administrative expenses) for FY2019 totaled \$140,062 a 54% decrease from FY2018. The cost of RGS administrative services were one half of the FY18 level.

After the close of the fiscal year, the JPA was notified by California Joint Powers Insurance Authority of a reporting error on its part of the retrospective adjustments for prior years. This error necessitates the restatement of the 2018 income statement.

DISSOLUTION: The Authority was dissolved in December 2018 in accordance with its joint powers agreement.

NOTES TO BASIC FINANCIAL STATEMENTS

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2019 and 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Municipal Services Authority (Authority) is a Joint Powers Authority established in January 2012 to provide a joint program and system for workers' compensation, liability and crime insurance programs for each member of the Authority.

The member agencies of Municipal Services Authority are Local Government Services Authority and Regional Government Services Authority. For financial reporting purposes, the Authority is considered a stand-alone government with separately issued financial statements. Accordingly, the Authority is jointly governed by its member participants as a separate and specific activity in which member participants retain an ongoing financial responsibility.

Municipal Services Authority has elected to enter into a cooperation agreement with Local and Regional Government Services Authorities to share administrative services, thereby taking advantage of pooled staff resources and saving support costs.

Admission

Any public agency may become a member of the Authority upon two-thirds vote of the members present at a Board of Directors' meeting and by paying an appropriate entry fee or charge, as established by the Board of Directors.

Withdrawal

Agencies may withdraw upon advance written notice subject to the joint powers agreement and bylaws of the Authority. The effect of withdrawal (or termination) does not terminate the responsibility of the agency to continue paying its share of assessments or other financial obligations incurred by reason of its previous participation.

B. Description of Programs

Workers' Compensation

The Workers' Compensation Program was established to account for the provision of this coverage to participating members. The program year runs from July 1 to June 30. Funding is based on member contributions established by the Board. The Authority has contracted with a third party administrator to administer claims on behalf of participating members.

Self-insured coverage at June 30, 2018 was as follows:

JPA's SIR:	\$100,000 per occurrence
Reinsurance:	\$100,001 to \$900,000 per occurrence
Excess Insurance:	\$900,001 to \$100,000,000 per occurrence

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2019 and 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

B. Description of Programs, Continued

Liability

The Liability Program was established for the purposes of creating a pool to share the costs of liability claims, administrative costs, and excess insurance for Members. The program year runs from July 1 to June 30. Funding for the program is based on member contributions established by the Board. The Authority has contracted with a third party administrator to administer claims on behalf of participating members.

Self-insured coverage at June 30, 2018 was as follows:

JPA's SIR:	\$50,000 per occurrence
Excess Insurance:	\$10,000,000 per occurrence

C. Basis of Accounting

The Authority is accounted for as an enterprise fund and its financial statements are prepared using the economic resources and measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows.

Operating revenues and expenses generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenue of the Authority are member contributions. Operating expenses of the Authority include the cost of claims, insurance, and administrative expenses. All revenue and expenses not meeting this definition are reported as non-operating revenue and expense.

D. Cash and Cash Equivalents

Municipal Services Authority considers all highly liquid investments with a maturity of three months or less when purchased to be cash and cash equivalents.

E. Contribution Receivables

Contributions receivables relate to contributions owed to the Authority by Regional Government Services Authority and Local Government Services Authority for amounts budgeted to be contributed, but not received as of the end of the fiscal year.

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2019 and 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

F. Unpaid Claims Liabilities (Claims Reserves and Claims Incurred But Not Reported)

Each program establishes claims liabilities based on estimates of the ultimate cost of claims (including future allocated claim adjustment expense) that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Estimated amounts of salvage and subrogation and reinsurance recoverable on unpaid claims are deducted from the liability for unpaid claims. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverages such as general liability.

Claims liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claims frequency, and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

G. Unallocated Loss Adjustment Expense

The liability for unallocated loss adjustment expense includes all costs expected to be incurred in connection with the settlement of unpaid claims that cannot be related to a specific claim. Management has estimated the accrual based on past experience and the amount is included in general and administrative expense.

H. Excess Insurance

The Authority purchases specific occurrence excess insurance from commercial carriers for the workers compensation and pooled liability programs. The coverage for losses above the corresponding policy year's specified self-insured retention (SIR) is limited to that policy year's excess coverage limit.

I. Use of Estimates

The preparation of the Financial Statements in conformity with GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. In addition, estimates affect the reported amount of expenses. Actual results could differ from these estimates and assumptions.

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2019 and 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

J. Net Position

Financial Statements

In the Financial Statements, net position is classified in the following categories:

Net Investment in Capital Assets - This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the assets.

Restricted Net Position - This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted - This amount is all net position that do not meet the definition of "net investment in capital assets" or "restricted net position" as defined above.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Authority's policy is to apply restricted net position first.

K. New Pronouncements

In 2019, the Authority adopted new accounting standards in order to conform to the following Governmental Accounting Standards Board Statements:

- GASB Statement No. 83, *Certain Asset Retirement Obligations* - The objective of this statement is to addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this statement did not apply to the Authority for the current fiscal year
- GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements* - The objective of this statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The requirements of this statement did not apply to the Authority for the current fiscal year.

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2019 and 2018

2. CASH AND INVESTMENTS

Cash and investments as of June 30, 2019 and 2018 consisted of the following:

	2019	2018
Cash on hand and in the banks	\$ -	\$ 4,262
CalTrust Funds	-	1,081,364
Total Cash and Investments	<u>\$ -</u>	<u>\$ 1,085,626</u>

The amount in the CalTrust investment pool is held by Regional Government Services Authority as a fiduciary on behalf of the Authority (See Note 4 - Related Party Transactions).

A. Cash in Bank

The carrying amount of the Authority’s cash is covered by federal depository insurance up to \$250,000. Should deposits exceed the insured limits, the balance is covered by collateral held by the bank in accordance with California law requiring the depository bank to hold collateral equal to 110% of the excess government funds on deposit. California law also allows institutions to secure Authority deposits by pledging first trust deed mortgage notes having a value of 150% of the Authority’s total cash deposits.

B. CalTRUST Investment Pool

The Authority is a voluntary participant in the Investment Trust of California (CalTRUST), a public joint powers authority formed to pool and invest the funds of public agencies. CalTRUST invests in fixed-income securities eligible for investment pursuant to California Government Code Sections 53601 and 53635. Investment guidelines adopted by the board of Trustees may further restrict the types of investments that are held by the Trust. Leveraging within the Trust’s portfolios is prohibited. The fair value of the Authority’s investment in this pool is reported in the accompanying financial statements at amounts based upon the Authority’s pro-rata share of the fair value provided by CalTRUST for the entire CalTRUST portfolio (in relation to the amortized cost of that portfolio).

C. Fair Value Measurements

Investments, including derivative instruments that are not hedging derivatives, are measured at fair value on a recurring basis. Recurring fair value measurements are those that Governmental Accounting Standards Board (GASB) Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset’s fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. None of the Authority’s investments were subject to levelling disclosure.

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2019 and 2018

2. CASH AND INVESTMENTS, Continued

D. Risk Disclosures

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value is to changes in market interest rates. One of the ways that an agency manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

2018

Investment Type	Fair Value	Investment Maturities (in years)				
		1 year or Less	2 years	3 years	4 years	5 years or More
CalTrust Funds	\$1,081,364	\$1,081,364	\$ -	\$ -	\$ -	\$ -
Total	\$1,081,364	\$1,081,364	\$ -	\$ -	\$ -	\$ -

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The monies held in the CalTRUST investment pool are not subject to categorization by risk category. It is also not rated as to credit risk by a nationally recognized statistical rating organization.

Concentration of Credit Risk

The investment policy of Municipal Services Authority contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer that represent 5% or more of total Authority investments for the year ended June 30, 2018 and 2017. The monies held in the CalTRUST investment pool are not subject to this disclosure.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2017 and 2016

3. UNPAID CLAIMS LIABILITIES

The claims liability for the year ended June 30, 2018 was based on an actuarial valuation. The schedule on the following page represents changes in claims liabilities for the Authority during the period ended June 30, 2019 and 2018.

	2019	2018
	<u> </u>	<u> </u>
Unpaid claim and claim adjustment expense at beginning of year	\$ 182,894	\$ -
Incurred claims and claim adjustment expenses:		
Provision for insured events of the current year	-	16,225
Increase/(decrease) in provision of insured events in prior years	-	48,711
Total incurred claims and claim adjustment expenses	<u>-</u>	<u>64,936</u>
Payments		
Payments on claim and adjustment expenses attributable to insured events of the current year	<u>-</u>	<u>32,042</u>
Total Payments	<u>-</u>	<u>32,042</u>
Total unpaid claims and claims before special item	182,894	\$ 182,894
Special Item: balance transferred to Regional Government Services	<u>(182,894)</u>	<u>\$ -</u>
Total unpaid claims and claims at end of the year	<u>\$ -</u>	<u>\$ 182,894</u>

The component of unpaid claims and claim adjustment expenses as of June 30 were as follows:

	2019	2018
	<u> </u>	<u> </u>
Claim reserves	\$ -	\$ 52,894
Claims incurred but not reported (IBNR)	<u>-</u>	<u>130,000</u>
Total	<u>\$ -</u>	<u>\$ 182,894</u>

4. RELATED PARTY TRANSACTIONS AND CONTRIBUTIONS RECEIVABLE

A. Administration Services

Regional Government Services Authority (RGSA) is a member of Municipal Services Authority and also provides administration for the Authority. RGSA charges administrative overhead to the Authority each month. The amount charged for the year ended June 30, 2018 was \$78,000 each year. RGSA also holds cash and investments on behalf of the Authority. At June 30, 2018, the amount held on behalf of the Authority was \$1,085,626.

Municipal Services Authority
Notes to Basic Financial Statements
For the years ended June 30, 2017 and 2016

4. RELATED PARTY TRANSACTIONS AND CONTRIBUTIONS RECEIVABLE, Continued

B. Contribution Receivables from Members

As of June 30, 2018, the Authority had a 'contribution receivable from RGSA' balance of \$683,888. As of June 30, 2018, the Authority held a 'contribution receivable from LGSA' balance of \$1,292,649. Contributions receivables from member agencies reflect past required contributions budgeted from RGSA and LGSA, but not yet collected.

5. RETROSPECTIVE CONTRIBUTIONS

The financial statements reflect the assumption of the retrospective contribution liabilities related to both members' participation in California Joint Powers Insurance Authority (CJPIA), a risk sharing pool. At June 30, 2018 the amounts assumed by Municipal Services Authority for the workers' compensation and liability programs were \$2,143,448. The amount are based on CJPIA calculations as of June 30, 2018.

6. JOINTLY FORMED ORGANIZATIONS

As of July 1, 2014, Municipal Services Authority became a member of Municipal Insurance Cooperative (MIC), a newly formed Joint Powers Authority which provides coverage for general liability and workers compensation.

MIC is governed by a Board consisting of representatives from its member agencies. The Board controls the operations, including selection of management and approval of operating budgets, independent of any influence by the member agencies beyond their representation on the Board. Each member agency pays a contribution or assessment commensurate with the level of coverage and services requested and shares surpluses and deficits proportionate to their participation in the joint powers authority.

7. DISSOLUTION OF THE AUTHORITY

During the fiscal year 2019, MSA was dissolved. The Authority's Net Position balance at the time of dissolution of \$737,321 has been transferred to Regional Government Services Authority and Local Government Services Authority and reported as a special item in the Statement of Revenues, Expenses and Changes in Net Position.

8. RESTATEMENT

The Authority restated net position as of June 30, 2017 to account for a correction made to retrospective contributions payable of \$1,448,661, due to a calculation error identified by California Joint Powers Insurance Authority that related to prior periods.

Notes to Required Supplementary Information

1. RECONCILIATION OF CLAIMS LIABILITIES BY TYPE OF CONTRACT

The schedule represents the changes in claims liabilities for the past year for the Authority's worker's compensation and liability programs.

2. CLAIMS DEVELOPMENT INFORMATION

The schedule represents the changes in claims liabilities for the past year for the Authority's worker's compensation and liability programs.

The tables illustrate the Authority's earned revenue (net of reinsurance) and investment income compared to related costs of loss (net of loss assumed by reinsurers) and other expenses assumed by the Authority as of the end of the year.

The rows of the table are defined as follows:

1. This line shows the total of each fiscal year's gross earned contribution revenue and investment revenue, contribution revenue ceded to reinsurers and net earned contribution revenue and reported investment revenue.
2. This line shows each fiscal year's other operating costs of the Authority including overhead and claims expense not allocable to individual claims.
3. This line shows the Authority's gross incurred claims and allocated claim adjustment expense (both paid and accrued), claims assumed by reinsurers and net incurred claims and allocated adjustment expenses as originally reported at the end of the first year in which the event that triggered coverage under the contract (called policy year). The original estimate of ceded claims was not available.
4. This section shows the cumulative net amounts paid as of the end of successive years for each policy year.
5. This line shows the latest re-estimated amount of claims assumed by reinsurers as of the end of the current year for each accident year.
6. This section shows how each policy year's net incurred claims increased or decreased as of the end of successive years. This annual re-estimation results from new information received on known claim, reevaluation of existing information on known claims and emergence of new claims not previously known.
7. This line compares the latest re-estimated net incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of net claims cost is greater or less than originally estimated. As data for individual policy years mature, the correlation between original estimates and re-estimated amounts is commonly used to evaluate the accuracy of net incurred claims currently recognized in less mature policy years.
